

NIGHT STREET ROGAINE

The Final of the AOC Night Street Series, on **THURSDAY, 19th September** will be a ROGAINE format with 90 minute and 2 hour options

Venue 6 Judge St, Parnell

Maps out 6.45pm

Start 7.00pm

Your map will be a **black and white street map**. Timing will be done using **MapRun**

30 controls (worth 30, 40 and 50 points) spread over the Parnell, Remuera, Newmarket, Grafton, Central City and Viaduct regions of the city. 20 points deducted per minute late

Many of the controls will be on the roads but as this is a rogaïne some will be on tracks within parks, not all lit. **We therefore recommend you travel in pairs (or small groups).**

You can return in a shorter time if you wish and avoid any tracks – you will still be able to visit plenty of controls.

There will be a sausage sizzle, soup and wee treats to greet you when you return
